STATEMENT OF FAMILY COMMITMENT

“We understand that Sacramental Preparation Program is about bringing alive the loving relationship that each of us has with *Jesus Christ* and thinking about the special role that celebrating the Sacraments has in that relationship. We are going on an important journey *together* as a family and as part of a wider community. We understand that the success of the programme, for everyone, will depend on each child’s prompt attendance at the catechism classes and other events – with an open heart, keen mind (and the right books, pens and pencils).

Equally important will be our full involvement, as a family, in discussions, exercises and prayer at home throughout the course as well as parental attendance at the various relevant meetings and, of course, attendance at Mass on Sundays and Holy Days of Obligation.”
